Detail-oriented Creative Designer with a strong foundation in visual identity, digital marketing assets, and web design. Proficient in leveraging the Adobe Creative Suite and Figma to deliver pixel-perfect, on-brand graphics and clean layouts. Experienced in transforming creative briefs into compelling visuals while maintaining high-quality standards for both digital and print mediums.

EXPERIENCE

Graphic & Motion Designer | SAN Data Systems Inc.
Dec 2025 - Jul 2026

Produced marketing motion graphics, product launch videos, and instructional documentation materials using Adobe After Effects. Collaborated directly with the CTO in an async, English-speaking environment to redesign the core product interface, ensuring visual consistency and an improved user experience across existing platforms.

Structured Figma files to ensure clean design specs for seamless motion integration and direct engineering handoff.

Visual Designer | Cuong Khanh Advertising Co., Ltd
Apr 2026 - Jul 2026

Led the visual direction for the company's 20th Anniversary campaign by designing a comprehensive key visual and adapting it across multiple touchpoints. Standardized a new visual identity system based on the existing logo to ensure brand consistency across all marketing materials.

Delivered production-ready print materials and digital assets that aligned perfectly with the campaign's creative brief.

Logo Designer | Nguyen Lieu 24H Co., Ltd
Jan 2026

Conceptualized and designed a new logo identity focusing on core brand values such as 24/7 operation, supply chain efficiency, and speed. Developed multiple design variations and constructed a professional, visually appealing pitch deck to effectively showcase the concepts to stakeholders.

Successfully delivered a refined visual identity that established a strong, recognizable brand presence.

Design Intern | Amazing Tech Co.
Jan 2024 - Apr 2024

Refined and adapted the company's core logo and branding identity, ensuring a unified presence across multiple digital and physical platforms. Produced a variety of production-ready print materials and contributed to the overall visual consistency of internal and external communications.

Explored conceptual 3D physical models using Blender to support experimental branding initiatives.

Design Team Lead & Mentor | Coc Sai Gon Communication Club
Oct 2021 - Present

Managed project workflows and delegated tasks for major communication campaigns within one of the largest non-profit university clubs in Vietnam. Led the recruitment process, evaluated design challenges, and provided constructive critiques to ensure high-quality, on-brand visual outputs from the team.

Mentored junior designers through feedback sessions, shadowing opportunities, and master design file updates.
